Hello everyone, it is your very favourite OCVP Marketing here Márki and I come with some information regarding the vacation between 14-17 of August. We need time to prepare before anyone just decides to dance back and just not come, yes I am looking at you big4 cigánys. In this booklet you will be able to find infos about the programs, foods, general thingies that will be forgotten as soon as you close this tab, but I hope you will find this useful at least

Elaboration about the **FOOD**

Your personal Chef's who you may kiss

We plan to run a BIIIIIG grocery shop round for the foods, for every item on the menu. If you have anything that you would like to change about this please let the Chefs know.

We have adjusted the different foods to the programs so it would be a seamless nearly effortless, and most importantly: Umai (meaning tasty you uncultured animals)

We also took immeasurable time to think about the “retardáltak” in the team and created a less tasty version of the original menu, so they will also have the opportunity to rest with their belly filled. We took the proactivity to let Levi know that he will not be coming near to the kitchen, for everyone’s safety.

Please note that after finalising the menu, the OC will do some calculations and based on breast sizes will ask for 10-20k money to the közös and will do the grocery run

Elaboration about the **PROGRAMS**

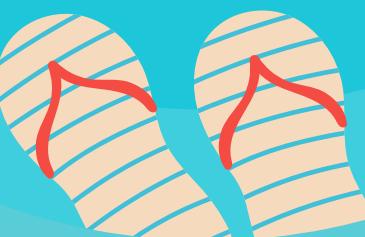

“Mindenki azt csinál amit akar!”

The most important thing is to everyone have a pleasant time. There is no fixed program that you have to attend, and you can always leave the activities if you do not feel well, or just wanna go and abuse Hanni or smthg. We appreciate if you attend to the few programs we had in mind since it would be the best to live these moments together. But to clarify things a bit: Szabad tevékenység means, that you may do whatever you want, go to the dézsa fürdő, have nice time in the sauna, go hunt rabbits in the wild with Levi, find some diamonds with Hala etc. You may also drink anything and anytime you want in the place but some of our activity will include that (surprise) and would enhance the experience. On Sunday we may extend with some activities but we think that will change 4 times during the vacation so we did not prepare anything specific at that time.

About The **GENERAL THINGIES**

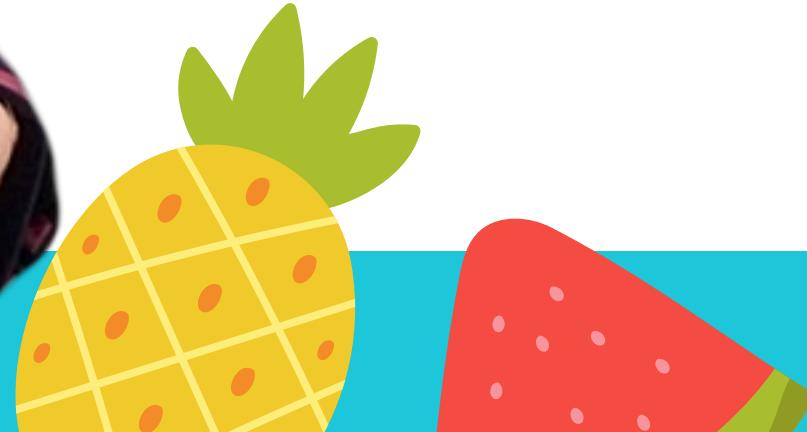

A photograph of a young woman with dark hair, wearing a black graduation cap and gown. She is smiling and holding a blue diploma folder with "BGE" and the year "1857" on it, along with a pink box filled with flowers.

Elaboration about the **GENERAL THINGIES**

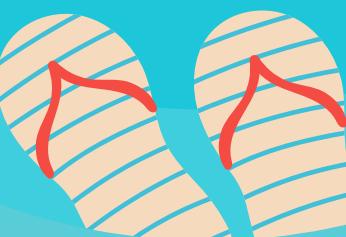

Insert here tök general rules

You are no children, but since I know you, here we go... Please clean up after yourself, please do not make damages to the venue, please only smoke where it is appropriate and where everyone consents to. Please do not make any sexual attempts to anybody in their sleep. We will have 3 rooms, 2 of which the majority of the people will sleep in, and we will make a snoring room probably or idk, but I will not sleep next to Flory or Levi. Everyone buys their own drinks that is not included in the 10-20k. Bring bathing suits except women, plus towels, slippers, weather appropriate clothes. Bring snacks and enough things because we won't have many chance to shop in the falu. For any general things refer to this [educational video](#)

About The **FINANCES**

About the **FINANCES**

Venue

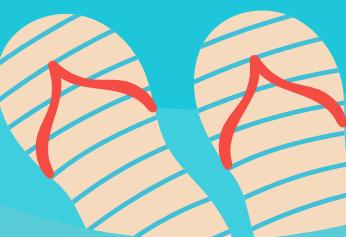

Please send the agreed amount to Soma, since he is the one who is gonna send it to the venue master. Expect to pay it around the 4th week of it. We do not know how much will it be since not everyone has let us know if they would be coming or not

Food

We will be cooking, and will make a list and a budget on how much you should send us to buy the resources. Any entry fee, beach fee, drinks, restaurant eating etc is not included in the budget. We will be collecting this before the vacation

About The BEVONO

Elaboration about the **BEVONÓ**

Let there be more retards

As you may know the Bevonás to the Népszi is exclusively a privilege of the Filmesek whom we love and hate at the same time. The Bevonás will be happening on the first night of the vacation and it will be the usuals with some twists, since this is not an everyday event we will try to make it as fun and as amazing as we can but for that we need your help. Please be active and participate with any faszság you would like to. To spice things up, we would like to officially announce that we will be having our very first voting member application. You could be the next palimadár, gyökértestű who can dictate the next steps of our very lovely group of people, may you be a person who paints his little dicks at home, be gay, be Nipper, miner or even a WOMAN. On both of these things expect information later when I have fucking time to breath and do stuff like this in my free time.

SEE YOU LATER, ALIGATOR
